Identification of prior art discussed: Green et al.

Agreement with respect to the claims f) was reached. g) was not reached. h) N/A.

Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant argues that Green et al. does not show a foot portion for receiving the foot of the user. However, Green et al. is capable of performing the intended use recitation. The Examiner suggested to incorporate structural limitations about the location of the foot portion relative to the handle shell in order to overcome the previous rejection.
